COLD WAVE CAUSES A HEAVY DRAIN ON GAS FIELDS; PRESSURE LOW

Local Gas Company Shut Off Supply to Industries to Increase Flow of Resident Consumers

MANY SCHOOLS IN THE CITY ARE DISMISSED

Mercury Drops to Below Zero and Newark People Shiver Around Cold Stoves---Break in West Virginia Gas Main Causes Suffering.

Business was brought to a standstill, schools were dismissed and families went hungry and fireless today when the cold wave which swept the city was followed by a shortage of gas. All during last night piercing winds roared over the city, followed by flurries of snow and the mercury dropped steadily until this morning thermometers even in sheltered locations registered the zero mark.

All day long the gas offices and the newspapers were flooded with telephone calls from all parts of the city giving information that the gas pressure was gradually diminishing and asking the cause of the shortage.

At the office of the gas company the information was given out that a break had occurred in the main leading from the West Virginia fields through which most of the supply for the city is secured. The officials were not informed as to the location of the break, and were assured that effort was being made to rush the repairs and that relief might be had by 2:00 o'clock Friday afternoon. Every effort is being made to secure gas from the local fields, but this will fall far short of supplying the demand.

At various times during the morning the pupils of the schools in different parts of the city were dismissed after all efforts to maintain a comfortable temperature in the rooms had proven useless. The High School was dismissed early this morning when the temperature dropped to 60 degrees. At Riverside School the janitor stayed at his post all during last night, but no school could be held as the mercury had dropped to 40 degrees. Texas and Franklin school were dismissed because of the cold. At East Main street school one of the furnaces was useless early this morning on account of lack of gas, and all the pupils of this building together with those of the Old West and New West building were dismissed. In other buildings some of the rooms were dismissed, while others continued in session as long as a comfortable temperature could be maintained. At the suggestion of Superintendent Hawkins the teachers whose rooms were dismissed spent their idle time in visiting the rooms that continued in session.

At the parochial schools of St. Francis de Sales and the Church of the Blessed Sacrament, the temperature was maintained so that the usual school routine was followed throughout the day.

This cold wave which has followed so close on the heels of the temperate weather of the last few weeks was marked not so much by extremely low temperature as by the intensity of the biting wind which accompanied it. At the Central fire station the lowest temperature recorded by the mercury was exactly zero, but in less sheltered places thermometers registered as much as five below zero.

Manager Carl of the local gas company in a statement to the Advocate this afternoon said that the gas supply was shut off from all factories and industries, that the resident consumers might have a better pressure.

He explained that in a cold snap like this, the drain on the gas supply is great and that the pumping stations in the fields from which the supply is obtained, increase the pressure which results in an undue strain on the main.

The main from the West Virginia field is of 16 inch pipe and the consequent pressure is heavy.

It was learned today that many of the factories whose gas supply was cut off, had ordered their meters taken out and will discontinue the use of gas as a fuel.

Every available bit of gas from the local fields is already turned into the mains and until the West Virginia main is repaired no relief can be secured.

A well known gas man in conversation with the Advocate said that Newark people must awaken to the realization of the fact that Newark is now dependent upon other fields for their gas supply and that the best days of natural gas as a fuel have passed into history as far as the local field is concerned.

COLD REGION EXTENSIVE.

Cold weather records for the year and in some cases for years, are being broken today by a cold wave that holds in its grasp the middle lake region as far west as the Rocky Mountains south about on a line with Indianapolis and north into the Canadian regions The range in this section is from zero downward

In the Canadian Northwest the mercury has contracted to a point 124 degrees below zero. The coldest place in the United States however, is in Duluth, Minn where 35 below is reported Other low temperatures are: Eau Claire, Wis, 26, Lacrosse, 25· Milwaukee and Madison Wis, 18, Green Bay, Wis, 12, and Chicago, 8

The weather is generally fair with a northwest win It is predicted that a further drop in temperature will come tonight

CHICAGO SHIVERS.

Chicago, Jan 5—Chicago shivered today before the iciest blast that has visited the city in two years Zero weather for the first time this winter, came in early last evening before a driving northwest wind that continued to send the mercury downward until 2 o'clock this morning when 6 degrees below was reached

At that hour the gale subsided somewhat and four hours later it was 3 degrees warmer In the government bureau no relief was held out. Forecaster Cox making the prediction that the temperature might go to ten degrees below zero during the day.

The bitter blast found Chicago's poor unprepared The municipal lodging house accommodated 750 men, 300 more than its ordinary capacity. When all beds were filled, hunks were made on the floors When the last inch of space was taken by more who could not be accommodated were sent to police stations Two men were found on the streets by policemen badly frozen, and were sent to hospitals By a coincidence one year ago today was the coldest day of the year in Chicago

Scores of persons were driven into the streets, two buildings destroyed, and three families were made homeless by a fire on the South Side early today At one time the flames threatened to wipe out an entire block All of the water plugs in the immediate vicinity of the blaze were frozen and water was obtained from plugs three blocks away Water was frozen in the hose, bursting it An attempt to thaw out a frozen water pipe caused the fire

OHIO HARD HIT.

Columbus, Jan 5.—In the throes of the worst blizzard of the winter all Ohio is today shivering with the thermometer ranging from 10 above zero to 6 below at different points A light snowfall, of the consistancy of salt, fell throughout this section last night A biting northwestern wind blowing more than 20 miles an hour is helping to keep the temperature down

ICE HARVEST BEGINS.

Akron Jan. 5.—With the mercury in the thermometer hovering around the zero mark owners of ice houses in the Cuyahoga valley today began their annual harvest. Hundreds of men will be engaged in the work for several weeks if weather conditions are favorable Owners of ice houses are offering as high as $2 50 a day for common laborers

IN NEW YORK, TOO.

New York, Jan 5.—Zero in New York City and vicinity tonight was the prediction of the local weather bureau today. Dropping from 25 at 4 a. m., the mercury stood at 14 degrees at 9 o'clock this morning and a cold northwest wind blew and there was a light fall of snow during the night.

35 BELOW AT DULUTH.

Duluth, Minn., Jan 5—Street thermometers here this morning showed 33 to 35 below zero. A slow north wind is blowing. This is the coldest day of the winter. Duluth today is said by the weather bureau to be the coldest place in the United States

ICE WILL HOLD UP HORSES.

Kansas City, Jan. 5—An Atchison, Topeka and Santa Fe freight train that has been snowbound near Laird, Kan., since Dec 26, was released yesterday The train crew reported that the snow in western Kansas is covered with a mass of ice that will bear up horses and cattle One farmer near Dighton reported that he lost 200 head of cattle in the storm Unless wagon communication can be established soon, much suffering will result, as supplies are running low.

SCHOOLS FORCED TO CLOSE.

Atchison, Kan., Jan. 4. — The schools here were closed yesterday They could not be heated because of the low gas pressure The gas fields of Kansas as said to have run short because of the increased demand. J. W. Waggener, superintendent of the gas company here, said he will bring suit to enjoin the Kansas Natural Gas company from shutting off the Atchison supply in favor of larger consumers

23 BELOW ZERO.

La Crosse, Wis., Jan 5 — The government thermometer stood at 23 below zero this morning, the lowest temperature recorded here for several years.

MAN FROZEN TO DEATH.

Green Bay, Wis., Jan 5.—An unidentified man was found frozen to death in the schoolyard at Big Suamico yesterday.

COLD CAUSES DEATH.

Cleveland, O., Jan 5.—The bitter cold caused one death and a probable fatal attempt at suicide here today Henry Lawser, 40, a lineman, his hands numbed, was blown from a telegraph pole and sustained injuries in a 35 foot fall which resulted in death. John Zeigler, 59, chilled and despondent, cut his throat with a pocket knife The temperature ranged from two below to two above

REAL WINTER HITS NEWARK

Following a sudden drop in the temperature a biting wind has been sweeping over Newark and Licking county for the past two days In some parts of the county the wind is reported to have done considerable damage Friday morning the mercury had dropped to 6 degrees below zero, and this combined with the gale that prevailed made it very unpleasant for pedestrians

Norwalk, O, Jan. 5.—Friends here will seek to have the government interpose in the case of Bernard Navin, 25, of this city, who, according to a letter received by the police from the authorities at Antwerp, Belgium, is under arrest there, charged with killing a sailor Navin has been a gold miner and sailor

GOVERNOR FOSS URGES ACTION AGAINST ROAD

Boston, Jan 5—In entering on a second term as governor of Massachusetts Eugene M Foss, urged that the legislature take steps for the dissolution of the Boston Railway Holding company, a corporation which enabled the New York, New Haven and Hartford company to acquire control of the Boston and Maine system

Noting the Canadian northwest is becoming one of the principal grain centers of the world, Governor Foss declared:

"We shall have reciprocity with Canada as soon as this principle is approached in its proper relation to the general tariff reduction in America which the common sense people approve Reciprocal trade relations with other countries not only on the North and South American continents, but throughout the rest of the world are equally necessary."

Governor Foss advocated direct election of United States senators, that the legislature prohibit all participation in elections by corporations and that provision be made for submitting the question of woman's suffrage to the voters. Today the legislative session of 1912 begins

HARRY ATWOOD SAYS HE'LL FLY ACROSS ATLANTIC IN THIRTY HOURS AND HARRY HAS A HABIT OF DOING THINGS JUST AS HE PROMISES

Harry N. Atwood, twenty-seven year old aviator, who in a few short months rose from obscurity to a place as America's most famous aviator must be believed when he announces that he will start in April on a transatlantic flight Atwood is an aviator who does things. People scoffed when he planned his St Louis-to-New York flight, but he started on time and went the entire route. Just as he said he would How he says he all leave the coast of Newfoundland about 8 o'clock in the evening, alight twice on way across, and make the coast of Ireland in thirty hours The distance is 2,450 miles. He will use a proved type of hydro-aeroplane equipped with a 150-horsepower engine

EVANS' SISTER GOT FIRST WORD FROM NEWSBOY

Denver, Colo, Jan. 5.—Mrs Nina F Zevereley of this city, sister of Admiral Robley Evans, who received the first intimation of the death of her brother by the shout of a newsboy, it is said, by Frederick Williams, her son-in-law here, will not attend the funeral of the admiral.

Mrs. Zereley is advanced in years and fears the trip would be too hard for her to undertake

When Mrs. Zereley bought a newspaper yesterday announcing the death of Admiral Evans, she read the account and was overcome from the shock.

EMPEROR HAS WREATH PLACED ON HERO'S BIER

Impressive Military Funeral to "Fighting Bob" Evans at Washington, D. C., Today.

Washington, D C, Jan. 5.—President Taft, members of the cabinet, Admiral Dewey and practically every naval officer in Washington and many other prominent people attended the funeral of Rear Admiral Robley D. Evans today. The obsequies were marked with the full military honor and an unusual tribute was paid the memory of the aged admiral by Emperor William of Germany, who has his special representative attend the funeral and place a wreath on the admiral's bier Early in the day the body was transferred from the home to the All Soul's Unitarian church.

The casket was wrapped in a rear admiral's flag and he stars and stripes. The services were conducted by President Taft's pastor, Rev. C G. Pierce During the services the famous Paul Revere bell tolled. After the ceremony eight petty officers from the United States steamship Dolphin, preceded by prominent naval and military pallbearers, bore the flower-laden casket to a gun caisson, and a military escort commanded by Rear Admiral Staunton, composed of the full brigade of midshipmen from Annapolis two companies of blue jackets four companies of marines and a battalion of artillery, made up the funeral procession to Arlington National cemetery At the grave taps was sounded and a salute of 13 guns fired.

1000 WOMEN DISAPPEAR FROM NEW YORK 1911

New York, Jan 5· During the year 1911, 1,000 women most of them young girls ranging in age from 11 to 2 years have utterly disappeared from this city. "During 1911," said a police official, commenting on the figures, "we have been confronted with hundreds of cases similar in every degree to Dorothy Arnold's Many other cases just as baffling have come before us The girls leave absolutely no trace behind them Investigation shows four reasons which cover most of the disappearances First seven home restraint; second, poverty, third theatrical aspirations, fourth, lured away"

LOVE FLAME RE-KINDLED

Idaho Man Returns to Ohio to Claim Sweetheart of Thirty-five Years Ago.

Akron, O, Jan. 5.—Following a separation of 35 years, Leander W. Smith, of Boise City, Idaho, who has served in both the upper and lower houses in that state, and Miss Cora T. Liggett, of 276 Merriman street, were yesterday united in marriage by Rev W. S. Jenkins, pastor of the West Hill Congregational church. In the early 70's the two were sweethearts and as fate would have it, were separated and he accepted the advice of Horace Greely and went west His thoughts wandered back to Akron and he finally decided to make a trip east, arriving here several weeks ago to learn that his former sweetheart had never married. The love affair of 35 years ago culminated in the marriage last night. Mr. Smith has for many years been in the drug business at Boise City

FAITHFUL DOG GUARDED BODY OF DEAD MASTER

Ness City, Kas., Jan 5.—The howling of a dog led to the discovery near this city yesterday of the body of E Taylor, a farmer, who had fallen from his wagon on the way to market and frozen to death by the roadside. Taylor's team was found by farmers wandering about the country. A searching party was organized. They had travelled over miles of drifted country roads when they came upon Taylor's dog shivering beside the snow covered body of his master.

Taylor left a widow and five small children.

At least four persons are known to have frozen to death in this section of western Kansas since the heavy snow and cold wave came a week ago.

Negro at Champaign, Ill., Leaves Estate of $116,000 — Was Gen. Logan's Guide During War.

Champaign, Ill., Jan. 5.—George W Smith, born a negro slave in Tennessee 75 years ago, left property worth $116,000, according to his will which was filed for probate here yesterday.

Smith ran away in 1862 and joined the Union army. He acted as a guide for Gen. John A Logan

After the war, Smith came to Champaign county, where he bought a small tract of land He added to his holdings steadily until at his death he owned 500 acres of rich farm lands besides his other property

A WAY TO HELP NEWARK.

Patronize your home merchants and your home mechanics.

The more money you spend away from home the poorer your town will be. The more you spend among Newark business men or deposit in local financial institutions for your future use the better will it be for Newark.

Few people stop to think that buying from a mail order house or from stores in Columbus or elsewhere retards the prosperity of Newark—**your own prosperity as well as that of your neighbors.** Sending money away from Newark is enriching outside corporations at the expense of your home town. It has been said before, but it's worth repeating:

Buy in Newark and whenever possible purchase Newark made goods. Keep the money circulating here at home. When you spend money here in Newark it shouts **'Till We Meet Again.'** When you send or take money to another city it sighs, **'Farewell Forever.'**

Spend your money at home. This means more funds for civic improvements and betterment of the town means growth and increased happiness for all its people.

FORGIVES MAN WHO SHOT HIM

Unusual Tragedy in Guernsey County Results in Death

NEIGHBOR USED SHOTGUN

Lenox Threatened to Kill His Family When Another Interfered and Tragedy Resulted

Senecaville, O, Jan. 5.—From the effects of a gunshot wound received while he was endeavoring to murder his wife and children, Andrew Lenox, 52, coal miner, is dead and his little daughter is suffering from a bullet wound in the forehead. Lenox died yesterday. from blood poisoning from injuries inflicted by a neighbor, John Morehead with a shotgun while protecting the family who had fled to his home.

Before he died Lenox is said to have admitted that his predicament was due to his own fault and said he freely forgave the man who shot him.

Lenox, it is stated, returned to his home, a half mile south of Senecaville, last Monday evening, considerably under the influence of liquor He is said to have abused his wife and six children and, finally securing a revolver, threatened to kill them all Realizing her husbands condition, the wife gathered together the children and slipped from the house late in the night

With the children she hurried to the home of a neighbor, John Moorehead, a blacksmith, half a mile away. She begged that they might be allowed to remain over night

The fugitives had scarcely reached the Moorehead home, however, before Lenox in a drunken rage, arrived and demanded that they return home. He raised the lower sash of a window and without a word began to shoot One of the shots struck his little daughter a glancing blow on the forehead, inflicting a painful but not necessarily serious wound

Realizing that Lenox would kill some one unless he was forced to desist, Moorehead picked up his shotgun and hastened into the yard. He called upon Lenox to leave and then fired He says he fired low in order not to inflict fatal wounds The charge of shot struck Lenox in the legs. Although severely injured, he dragged himself to his home, where he spent the night. Moorehead stood about 20 feet from Lenox when he fired.

On the following morning Moorehead accompanied Mrs. Lenox and her children to their home, where they found the injured man Drs Clary and Craig were at once called and found that Lenox's legs were filled with shot. It was found impossible to extract all the shot and as blood poisoning had developed it was decided to amputate one of the legs near the hip joint.

The operation was accordingly performed, but the blood poison and the shock of the amputation proved too severe and the victim died at 9 yesterday morning

It is said that Lenox, realizing that he was about to die, called Moorehead to his side and admitted his fault and said he forgave him

TO BUILD MORE BATTLESHIPS.

Washington, D. C., Jan. 5.—Bids for the construction of two 27,000 ton battle ships, the Oklahoma and the Nevada were opened here today. The lowest proposals were from the New York Ship-building Company at $5,826,000 for one ship and the Fore River Ship Building Company of Quincy, Mass, at $5,935,000 per ship

STEEL MARKET IN PITTSBURG SATISFACTORY

Cleveland, Jan 5—The Iron Trade Review yesterday says:

The new years opens with steel mills in the Pittsburg district operating on very satisfactory schedules and with heavy tonnages on their books for delivery over the first half of the year In the east mills are not so active and some in eastern Pennsylvania are operating at only 50 per cent of capacity Car orders have come out rather slowly and the rail market lags, but men high in the iron and steel trade express confidence that there will soon be very heavy buying by the railroads December made a highly satisfactory showing in pig iron sales and in most finished lines. In some finished products, however, especially steel boiler tubes, there is very keen competition.

THE LAST WORD

Th local option election in Licking county is drawing to a close. Tomorrow the ballots will be cast and the result will be known. The Local Option League has asked and urged upon the voters of Licking county to vote dry for the following reasons:

(1) To vote back the saloon would be regarded by the American people as an endorsement of the lynching of Carl Etherington. Newspaper comment from all over the country has been published showing how anxiously the people are awaiting your verdict. Some of the leading newspapers have already sent special correspondents here to report the election.

(2) To vote back the saloon would be to return to power the lawless gang that brought disgrace upon our city. Many of the men are still here. They are working desperately to secure a verdict in their favor. If you vote wet, it will be a vote for them.

(3) To vote back the saloon would be to deter manufacturing enterprises from locating in our city. As has been pointed out, capitalists and manufacturers are seeking locations where their men are protected from the saloon, and the Ohio Manufacturers' association is recommending that a rule be adopted prohibiting the use of intoxicants by employes while on duty, and that their habitual use, or the frequenting of places where they are sold, shall be considered sufficient cause for dismissal.

(4) To vote back the saloon would be to hinder the splendid growth and prosperity which Newark has enjoyed during the past three years. This has been so steady that we hardly realize how great it has been. We cannot have such good times with the open saloon.

(5) To vote back the saloon would be to bring back all the evils that are associated with and attendent upon it. These have been driven out, or driven into hiding under local option. If the saloon comes back, these men will come out into the open again and flaunt their temptations before our young people.

(6) To vote back the saloon would be to sanction an institution that is denounced and opposed by all the better elements of society. We have shown from the wet petition that the saloonkeepers and others who derive revenue from the liquor traffic, the denizens of the "red light" district, and the lower classes generally are anxious for the return of the saloon. It has also been made apparent that the leaders in religious, educational and business circles are bitterly opposed to its return.

We leave the issue with you, confident that your vote will be cast for the best thing, that is, that you will vote dry. Then let all the good citizens of Newark and Licking county rally round the new city administration and assist it to enforce law, let everyone "Boost Newark" and the city will develop along all lines that are worth while, and we who shall have greater reason than ever to be proud of our fair city.

VOTE DRY.

FINAL GRAND RALLY TONIGHT.

The final meeting of the campaign will be held in the First M. E. church at 8 o'clock tonight. If necessary an overflow meeting will be held in the Fifth Street Baptist church. The principal address will be made by Hon. Wayne B. Wheeler, who is not Newark's worst enemy, but the saloon's worst enemy, which institution is Newark's worst enemy. Everybody come.

The wets thought they had played a shrewd trick on the drys when they bought up both Auditoriums for Friday night, although they only intend to use one. But they could not buy up the churches and the closing rally of the drys in the First M.E.church will be larger and more enthusiastic than it would have been if this trick had not been attempted. Newark people believe in fair play.

The strenuous newspaper campaign that he is waging for the wets must be getting on the editor's nerves. He charges the drys with "making a mean, contemptible assault on a number of Newark's enterprises and highly esteemed business men." Is the mere statement of a fact an assault?

Again the editor has an article headed "Rose Law Cannot be Enforced Is the Claim of DRY Sheriff." In the body of the article appears this statement by the sheriff: "I always have been and still am what people term a WET man." How can a man be wet and dry at the same time?

A STATEMENT

By Rev. T. A. Cosgrove, Paster of the Second Presbyterian Church.

It is said, "law cannot be enforced unless public opinion is behind it." True, but are you forgetting you are making public opinion by your vote? The issue, practically, is, Rose Law or Licensed Saloon. You may be opposed to both. If so, do not vote at all. Should you vote with such convictions, you would give a false impression and the world, which is waiting on tip-toe, will not have a false conception of what the public opinion of Newark is.

It is said, "we shall regulate the saloon." Yes, but why try to do that? Why put the stamp of your approval upon that business? Why is regulation sought? Do you not know that a license removes the odium of drinking and selling?

It is said, "Conditions are worse than ever." Possibly, but history knows no reform without trouble. And who is making the mischief? Who broke the law? Who defied authority? Who laughed at control? Why identify yourself with that spirit? Did the lock on Pratt's door cause the robbery? Level crossings are more dangerous than subways for the south side, but they are the best we have, and if the Rose law is the red flag how much disaster might have been prevented if the flagman was not asleep or worse?

Conditions worse? Brother mine, many hearts of mothers and children have been lifted to hope again because their dear ones have been too noble to do the stealthy thing. Visit the home of the drunkard, feel the throb of broken hearts, grieve over the ruin of God's masterpiece and let your own manhood speak.

It is said, "the Rose law has failed." Failed in what? To correct the evil? Think. The discovery of an evil in its nature and its extent is part of the correction. The surgeon makes a searching diagnosis and even has to operate to find out what is the trouble. The operation of the Rose law has disclosed a spirit which is alarming and which if not checked will cause the downfall of the nation. No power on earth can overthrow the American republic, except the evil at its own heart. Has the Rose law failed to stop the evil? No law could do that. Legislation is a schoolmaster and we need such, but the highest morality can only be found through Him who died rather than do wrong. Who so loved man as to die for him.

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar.

However, if you wish first to test its wonderful merits, send to Dr. Kilmer & Co., Binghampton, N. Y., for a sample bottle, absolutely free. When writing be sure and mention the Newark Daily Advocate.

A thimble carrying a knife blade on th end has been patented by a California man to aid in picking fruit.

Wants are worth reading tonight.

PROTEST AND APPEAL

To the following "Protest and Appeal" the names of more than 6,000 women have been secured in the city and county. Granville township and village has 657; the Fifth ward, 567; the Fourth ward, 527. It is noticeable that in the Second ward, which covers the "red light" district, only 97 names were secured.

This is a splendid appeal to the men to stand for the right. If a man's son turns out to be a drunkard after he has done all he can to prevent it, it is not his fault. But if his son becomes a dunkard after he has voted for the saloon, then he will remember that he didn't do all he could to make it impossible. This appeal from the women ought to guide every man in that moment when he makes his X on his ballot tomorrow.

We, the women of the homes of Newark and Licking county, Ohio, who have not the right of franchise, but who may petition, plead with our fathers, our husbands and our brothers, to use every honorable means in their power, by effort and vote, to defeat the return of the open saloon at the county option election January 6th.

While we have been deprived of some of the benefits of the Rose county option law, due to the failure of wilfully negligent officials to enforce the law, conditions are so much improved over what they were three years ago, and so much better, we believe, than they can be with the open saloon, we look with dread upon and protest against its return. We are its keenest sufferers, the extent of which is immeasurable.

We further declare that nothing will go so far toward redeeming Newark and Licking county from the disgrace that she has suffered as an emphatic refusal to vote back the saloon. Whether we would have it so or not, to the on-looking world, a vote for the return of the saloon is a vote in approval of lawlessness. A great "cloud of witnesses" is watching; will you repudiate or endorse mob law?

In the name of our home, our boys and our good name, we beg of you to vote down the saloon.

WAYNE B. WHEELER AND NEWARK

The last two evenings bitter attacks have been made in the local papers upon Wayne B. Wheeler. It might be well to state that the campaign to keep Licking county dry is not being conducted by Mr. Wheeler, but by the executive committee of the Licking County Local Option League, a committee composed of men who have all lived in the county for a number of years. But to show that Mr. Wheeler and the Anti-Saloon League are not enemies of Newark, we quote the following article from the "American Issue" of this week:

"The count, of Licking has earned and is receiving the commendation of Ohio and the country for the energy and determination shown in removing the stain and disgrace caused by the Newark lynching. The last of these cases have been disposed of. Seventeen convictions were secured and prisoners sent to penal institutions for life or for a number of years. In addition, several were fined and served jail sentences for assault. Licking county has set an example for the whole country in dealing with her lawless element in a manner which teaches it that, after all, the law is supreme.

"Now comes the old saloon crowd whose acts were responsible for the rioting and lynching and asks the voters to permit it again to open saloons and conduct them as in the old days.

"Citizens of Licking county cannot afford to give a vote of confidence to the element which disgraced it, trampled its laws under foot and filled the pages of Newark's history with debauchery and crime. For Licking county to vote 'wet' means the reinstatement in local power of Don Betton and his henchmen, and it means that Newark will sink back into the depths from which her citizens extricated the city after a bitter experience such as her voters certainly do not want repeated.

"Newark is a splendid city with many advantages. She has a wide-awake Board of Trade which is doing much for the improvement of the town, but its chances for industries and for citizens of other places to locate there, will avail little unless there is faith in Newark on the part of those seeking a location. If Licking county will give one thousand 'dry' majority on Jan. 6 it will do more to establish Newark in the mind of the outside world than any one thing which could possibly happen. It would mean there is no surrendering to lawbreakers and that the county is in earnest in its house-cleaning."

THOSE PORTSMOUTH AFFIDAVITS

In the paper on Wednesday there appeared statements from Samuel Horchow and Simen Strauss claiming that conditions had greatly improved in Portsmouth since the saloons were voted back.

Samuel Horchow is a Jew. He was an active wet worker. He runs an installment house in Portsmouth. It is probably true that a wet town is better for his business, but it is not better for the merchant who prefers to do a cash business. His statement that property values have increased is true of property that men desired to buy or rent for saloon purposes, as merchants engaged in legitimate business have learned to their sorrow. The same thing will happen in Newark if the county votes wet. It is not true, however, of property in general.

Simon Strauss is a Jew. He was an active wet worker and treasurer of the Business Men's League (so-called). A man and his wife moved to Portsmouth from West Virginia. Under local option he kept perfectly sober and earned $21.00 per week. When the saloon went back, he began drinking and has kept up a continuous spree. His wife went to Simon Strauss and asked him to do something for her husband. He replied: "We will have a meeting of the Business Men's League soon and try to do something with the saloons, but I do not know just what steps to take, as it appears that we have lost control of the saloons."

John W. Byron, justice of the peace in Portsmouth, writes in a letter dated Dec. 16: "Drunkenness is on the increase, on one day of this week I counted twelve drunks, whom I have not seen drunk under the three years' of dry conditions in this county. My work is increasing in civil as well as in criminal cases, having had more drunks before me in three weeks since the saloons have returned than in the three years of dry conditions."

State of Ohio, Scioto County, ss:

J. W. Jerdan, being duly sworn, says he is a resident of the city of Portsmouth, Scioto county, Ohio, and has been for seven years. That he is engaged in the business of retail grocer. He says that since the saloons came back in Scioto county, drunkenness has greatly increased; that the town is filled with thugs and bad characters; that during the time there were no saloons, the women of our town went where they pleased over the streets; that the town was peaceful and safe, but that since the saloons have returned it is dangerous to be on the streets at night, especially for ladies. Many of them have been attacked, frequent assaults have been made upon the best women of the town; the houses have been burglarized and it is nearly a nightly occurrence of an attempt being made to burglarize some one's home. Collections are worse and that business has been seriously hurt, especially the grocery business and meat business and that business which furnishes the necessaries of life to the poorer class of citizens. There has been a greater increase in the number of drunks among the miners of our city.

NEWARK IN THE LIMELIGHT

THE EYES OF THE COUNTRY ARE ON NEWARK AND LICKING COUNTY.

It anxiously awaits the result of the election on January 6th.

IF IT GOES WET, it will no doubt be taken by the whole United States to mean that—

The vicious, criminal and lowest elements are again in control of this city.

That the moral sentiment of this city and county is so low that a majority of the citizens have voted to put this city back into the possession and control of the very men who for the past three years have openly and continuously violated the laws, defied the officers and to prevent the enforcement of the law, have resorted to almost every crime in the catalogue, including,

Intimidation,
Personal assault,
Destruction of property,
Riot, lynching, and
Murder.

It would mean that the reputation of this city, which has already suffered great damage at the hands of this element, would be blasted forever and every decent citizen would be ashamed to acknowledge this as his home.

It would mean that the better class of people with money and families seeking a place to live or to do business, would give Newark a wide berth and many of our most desirable citizens would seek other cities in which to live.

It would mean an influx of booze hoisters, prostitutes and gamblers.

Every man of family and property in this county and city should consider well these truths before he casts his ballot, as both will suffer if the county goes wet.

He should ask himself this question: What effect will a wet majority have on Newark and its reputation as a place to live and do business?

SAFE REMEDY ENDS CATARRH MISERIES

Gives Instant Relief, Cures and Prevents Catarrh and Cold in the Head.

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will touch the spot" and do its work quickly without leaving any bad effects. Ely's cream Balm, which is applied to the nostrils or rubbed on the threat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing comes back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hawking, spitting, blowing of the nose and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 50 cent bottle will more than likely work a complete cure. All druggists sell it.

RESOLUTIONS PASSED BY PORTSMOUTH BUSINESS MEN CONDEMN PAPER

At a meeting of the Trustees of the Business Men's League of Scioto County, held on January 3, 1912, the editorial in the Portsmouth Blade of December 16th, entitled, "PORTSMOUTH, THE PEERLESS CITY, IS BECOMING THE MECCA OF BUMS, THUGS AND THIEVES," and other items of recent publication in said paper were thoroughly discussed and the following resolutions were unanimously adopted.

RESOLUTIONS.

Whereas, The Portsmouth Blade by its publication of many false and malicious statements, regarding moral conditions in the City of Portsmouth since the return of saloons, is doing a great injustice to our city and its business interests, therefore,

Be it Resolved; First, That the Portsmouth Blade by its false and malicious publications is doing more harm to the moral and financial welfare of our citizenship, than it will be able to correct through many years of repentance.

All cities of any importance, especially an industrial city as Portsmouth is, have always been places where unlawful elements seek to work.

There has not been any time in the past history of Portsmouth, when burglaries did not occur, and during the past three "Dry" years, our police records will show robberies, hold-ups, burglaries and other crimes.

These crimes have not been more frequent within the past two months, than in the past three years. That the Blade should say that such crimes are committed because Scioto County, after a long and most vigorous campaign, voted wet by a large majority, and thereby showed their preference for the saloon rather than the blind tiger, the speakeasy and the bootlegger, is both false and absurd.

Be it further Resolved.—

That it is the opinion of the Trustees of the Business Men's League of Scioto County, Ohio, that the owners of the Portsmouth Blade are all men, who are well known for their extreme opinions and opposition to the sale of liquors and are the large contributing members of the Anti-Saloon League of Scioto County. That the recent purchase of the Blade by its present owners was for the sole purpose of aiding them in their local efforts against saloons, and to further aid the Anti-Saloon League throughout the State of Ohio, by the publication of false, and in many instances, malicious statements as news items, in regard to drunkenness and moral conditions in Portsmouth since the city by nearly two-thirds of the votes cast, decided that it desired no more of the nefarious and unjust results they experienced while under the provisions of the Rose Law.

Be it further Resolved:—

That the Blade as a newspaper should be condemned by the merchants of Portsmouth, because of its publication of any untrue statements, many of them malicious, for the sole purpose of aiding a few men in their efforts to defeat the will of the people in other counties of Ohio.

Be it further Resolved:—

That the merchants of Portsmouth have recently experienced and been financially benefitted by the largest and to them, the most prosperous Christmas trade they have ever known. That this in a large measure was due to the return of the saloon, which has aided in bringing visitors and customers to our city in large numbers.

Be it further Resolved:—

That the return of legalized sale of liquors has resulted in a material and decided increase in property values, as is evidenced by recent sales of real estate at advanced prices.

That it has also largely decreased the sending away of large sums of money, for merchandise of various kinds, which is now purchased in Portsmouth.

That it has resulted in an increase of trade to local merchants in all lines of trade.

Be it further Resolved:—

That the Blade in its efforts to injure the reputation of our citizenship, to destroy the retail business interests of our city, represents the personal desires of a very few men and not the many men who have in the past and are now the leaders and workers in any cause for the purpose of aiding in the growth and prosperity of our Peerless City.

Be it further Resolved:—

That the Secretary of The Business Men's League is authorized and directed to send a copy of these Resolutions to all those who inquire concerning present conditions in Portsmouth.

Passed January 3, 1912.

By FRANK L. SIKES, Secretary.

The men comprising the Business Men's and Taxpayers' Association of Newark present almost an unbroken front. They are among the city's heaviest taxpayers. They are united in the opinion that the Rose Law has been a failure and that it is wholly impractical. This organization of business men will be continued and the pledge is freely given that it will see to it that the laws and ordinances regulating saloons are strictly enforced. (Adv.)

STATES SITUATION CLEARLY

The Zanesville Times-Recorder, in announcing that it would remain neutral in the recent Muskingum county option fight—a neutrality which it rigidly maintained—clearly stated the case. We quote in part from its editorial:

"As between the saloon as it existed prior to three years ago and the speakeasies as they exist today there is little choice. It would be impossible to point with pride to either. It would be hard to imagine anything less desirable than either in any community. The promise held out to us at this time is that the saloon will be regulated and restricted and made to obey strict laws and ordinances enacted for its control.

"It is to this new condition of affairs that the real temperance people are turning with the hope of relief. If the performance is equal to the promise all well and good. If it is not the people will put an end to legalized traffic in stimulants in any form at the end of another three years. Just now they are ready to accept almost anything that promises relief. It is this feeling that is resulting in the reversals in the various Ohio counties which went 'dry' three years ago, as fast as they are permitted to vote. Whether it is merely a 'temporary expediency' or whether it will be peamanent depends upon the wisdom, the sincerity and the courage of those who have promised reform in the traffic." (Adv.)

Congress has resumed its sessions, and occasional messages from the President may be looked for from now until June, when he will probably begin sending messages to the Republican voters. The mesages he has already transmitted to Congress do not cover all the topics commonly exhausted by Presidents in their official communications, and a continuation of the interesting series which began with some remarks upon Trusts a month ago may be looked for.

In the war against tuberculosis there was spent throughout the country in 1911 the sum of $14,000,000. For the year 1912 appropriations of over $10,000,000 have already been made by State Legislatures and other public bodies. Here is one war chest which everybody is ungrudgingly willing to see regularly filled and emptied.

The Republican party is always about to retrench expenses and reform abuses The party is always long on promises, but invariably short on performances. The reckless extravagance of the Federal Government while controlled by the Republican party has greatly exceeded that of 1860, which denounced, and has exceeded the wildest dreams of the people of that day The average ordinary expenses under Mr Buchanan's administration, denounced by the Republicans in 1860, were $65,291,152.19. The population at that time was 31,443,321, making the expense per capita $2.08. The appropriations of the last session of the Sixtieth Congress for the year 1910 were $1,011,101,857.12. The population was, in round numbers 90,000,000, making the per capita expense $11.60, and the population has increased 186 per cent. The expenses of the government have increased over 550 per cent Take from these appropriations the pensions and all expenses growing out of the civil war and the appropriations for 1910 are increased 475 per cent above that of 1860.

Wayne B. Wheeler Newark's Enemy

A gentleman of a neighboring city in Newark Wednesday evening, had his attention called to the article in the papers showing the enmity of Wayne B. Wheeler to our city. The gentleman said: "I have known Newark intimately for 25 years, have admired its progressiveness and popular business citizens. When Wayne B. Wheeler came to my town to deliver one of his 'dry' speeches I went to hear him. But when he devoted nearly all his time to villifying Newark with reckless falsehoods, holding it up as a sink hole of depravity and an unfit place for decent people to live in, I showed my disgust and disapproval of his tirade of abuse of the city by abruptly getting up and leaving the meeting. I knew what he said about Newark was false, but the majority of his audience did not know it and were misled by his slanders. The enmity of such a man to Newark cannot fail to do the city great injury." (Adv.)

The gigantic $500,000,000 Meat Trust was proposed just at a time when the erstwhile and alleged Terrible Teddy was proclaiming his determination to put all kinds of trusts out of business His campaign committee was paving the way to raise funds about the same time, yet his man Jimmy Garfield was an actual defender of the Meat Trust.

The Chicago meat packers are at last facing a jury on charges of criminally violating the anti-trust laws. They put it off, however, nine years through technical maneuvering by their lawyers. If any proof is needed that technicalities may be used to subvert the purposes of the law, it can be found in this one case alone.

WHAT DEFENSE CAN THE DRY AGITATORS MAKE FOR ASSAULTING THE NEWARK BUSINESS MAN WHO IS ENTITLED TO THE MOST CREDIT FOR THE BEAUTIFUL LIGHTING OF THE COURT HOUSE AFTER HAVING PREVIOUSLY EXTOLLED THE LIGHTING AS A GREAT CREDIT TO NEWARK?

The Final Word

The Business Men's and Taxpayers' Protective Association desires to thank the citizens of Newark and Licking County for their patience and forbearance in this campaign.

We have conducted our campaign through the press, by mailing literature and with public meetings. We have endeavored to conduct a clean campaign, presenting facts and figures and avoiding personalities. Whether the same can be said for the Drys we leave it to our citizens to dedecide. Calling respectable men harsh names or charging them with ulterior motives, simply because they are unwilling to subscribe to the Rose Law, is not going to win any battle. We have too much confidence in the intelligence of our people to do that.

We believe that we have shown conclusively that prohibition under the Rose Law has been a failure in Newark and Licking County, and that its continuance can only add to the bitterness and strife that now exists among our people.

The Dry advocates have not advanced one single argument to prove that the Rose Law has been a benefit and blessing. They have confined their campaign solely and exclusively to the circulation of malicious and false reports of saloon conditions in places where the open saloon has returned; aiming in that manner to poison and pollute the public mid and thereby avoid the real issue, to-wit—the success or failure of the Rose Law in Newark and Licking County.

We have shown from time to time that these newspaper reports about salcon conditions were false and that they were published in fanatically Dry papers for the express purpose of being copied for use in the Licking County campaign.

Newark enjoyed peace and happiness and unbounded prosperity throughout the 100 years of its history until the blight of the Rose Law fell upon us. Newark in its entire history never found itself in such a deplorable plight as it has experienced during the past three Rose Law years. Newark never had to bow its head in shame until the Rose Law was inflicted upon Licking County.

No reform has been thrust upon the people with such viciousness as this so-called prohibition reform; but reforms cannot be brought about by force, they must be initiated in a spirit of love.

The people of Newark and Licking County have now had three years of practical experience with Prohibition under the Rose Law.

We leave it to you whether our people have been benefitted either morally, or socially, or financially, through prohibition.

We await your verdict.

Got Any?

The fall of the year always lays a special strain upon the nation's financial resources. For not only is there the money needed to move the crops but also those great rolls of bills which prudent men, in putting away their light clothing, do not forget to forget in the pockets thereof, in order that they may come joyfully to light next summer.—Puck

Headache?—It's Your Liver

Too Many People Take Headache Powders When a Liver Tonic is Needed.

Try Olive Tablets—the Substitute For Calomel.

Dr. Edwards' Olive Tablets are the one substitute for dangerous calomel. They do all of calomel's work without any of its bad after effects.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, griping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metallic drugs; they are a purely vegetable compound mixed with olive oil, sugar coated, easy to take and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Olive Tablets are made of pure vegetable compounds mixd with olive oil.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement of its own."

TAXICAB IS OVERTURNED IN A COLLISION

At about 10:30 o'clock this morning one of Bolton's taxicabs was overturned at Church and Third streets. The cab which carried the driver and one passenger was turning into Church street from Third when it met a wagon of the Licking Creamery Company, coming east on Church street.

Neither the driver of the machine nor the passenger was seriously injured, although the air was filled with flying glass from the broken wind shield and windows.

C. J EVANS VICTORIOUS

Succeeded in Securing Agency for Morse's Glycerole for Insomnia and Nervousness. Endorsed by Prominent Physicians.

No Matter What Excesses Have Wrecked or Disturbed Your Nerves This Purely Vegetable Remedy Will Put Them in Splendid Shape Again or Money Back.

Morse's Glycerole; remember the name. Here is a prescription that up to a few months ago was only known to physicians, many of whom have used it in their practice—some for 32 years.

But Mr. Hazen Morse, the expert chemist, has at last been prevailed upon to deal direct with nervous sufferers and Evans Drug Store, with characteristic enterprise, is responsible for Newark being one of the first of a limited number of cities where Morse's Glycerole is offered direct to the people.

Bear in mind that this is a purely vegetable remedy; it contains no opium, no bromides, no coaltar product. The formula is plainly printed on each label.

If you suffer from overwork, worry, over indulgence in alcohol, tobacco, or in any habit that unstrings the nerves and causes loss of vital force, get a 50 cent bottle of Morse's Glycerole today.

It is the quickest acting nerve remedy on earth; one dose brings restful sleep; a few doses will make your nerves steady and bring back to you confidence, vigor, energy and hopefulness.

For peevish, irritable or teething infants Morse's Glycerole never fails to put the little one right, and mothers should make a note of that fact.

Fifty cents a bottle for Morse's Glycerole on money back if dissatisfied plan.

No food is hard to digest if you take a little Dyspepsyn after the meal. Best indigestion remedy, 50 cents at Evans' Drug Store.

WILLIAMS—LYDA

The marriage of Howard A Williams and Mrs. Etta M. Lyda was solemnized Wednesday evening at five o'clock at the bride's home in East Main street by Rev G W. Tyler. The bride and groom were attended by Mrs. Harriet Marks and Mrs C W. Flenniken

EDMISTON—HOOK

An elaborate home wedding took place at 4:30 o'clock Wednesday afternoon at the home of Mr and Mrs David Hook of Dryden road, when their daughter, Miss Gertrude Hazlett Hook, was given in marriage to Mr. Franklin Curtis Edmiston of this city. The decorations were unusually beautiful and timely The parlor, where the ceremony took place, was richly decorated with green and white Southern smilax and asparagus adorned the doors and windows, while an embankment of palms and other greens formed a background for the bridal party The value of the greens was enhanced by a large cluster of Easter lilies placed in the center, and their beauty was reflected from the mirror before which they were placed; on either side were tall white lighted tapers The staircase was intertwined with smilax, and choice clusters of begonias lent additional beauty to the permanent appointments of the reception hall The front porch was enclosed with canvas and the floors and chairs were canvas covered, which accentuated the white effect of the color scheme In the dining room, where the bride's table was spread, a color scheme of pink and white was artistically carried out The centerpiece, a basket of exquisite pink Killarney roses, was surrounded by pink tapers with pink hoods, and the place cards were adorned with hand-painted pink roses with monograms in gold. The favors for the ladies at the brides table were small clusters of violets, and for the gentlemen boutonnieres of white Killarney roses

To the sweet strains of the Lohengrin wedding march, played by Miss Florence Frazier, the bridal party entered the front parlor, where the ceremony was performed in the following order. Ribbon bearers, the little Misses Florence Worrell of this city and Anna Louise Horney of Chillicothe, both of whom were charmingly attired in white, with pink sashes; following the ribbon bearers came the ring bearer, Master Curtis Edmiston Wilson of Hillsboro, who was clad entirely in white, and next in order the maid of honor, Miss Margenia Murphy of Front Royal, Va., who was charmingly gowned in pink satin, with a becoming little lace covered cap of pink, trimmed in pink roses, she carried a bouquet of La France pink roses. The bride unattended, until joined by her father at the foot of the stairs, was handsomely gowned in white soupple satin, trimmed in Princess lace, with court train. Her long veil of tulle was attached to her dainty lace cap with a wreath of lillies-of-the-valley. She carried a bouquet of bride's roses and lillies-of-the-valley. Her only ornament was the gift of the bridegroom, a pearl and diamond lavaliere.

The officiating minister, Rev. W. L. Whallon, and the bridegroom joined the party at the improvised altar in the front parlor, where the ring ceremony of the Presbyterian church was used in the marriage service Following a brief reception the guests were served with a collation, and those seated at the bride's table were Mr and Mrs. Franklin Curtis Edmiston, Miss Margenia Murphy, Miss Dorothy Edmiston of Newark, Mr. Willard Wilson of Hillsboro, Miss Margaret Hook, Miss Annabel Meyer, Mr. David Bosworth, Miss Lulu Fox, Mr. Florien Frazier, Mr F. W. Thomas, Miss Florence Frazier, Mr. D. K Hook, Miss Dorathea Guthrie, Miss Eleanor Dreibelbis, Mrs. Arthur Whitley of Wheeling, W. Va., Mr H H Dreibelbis and Miss Edna Kearns

Mr and Mrs Edmiston left last evening for Florida, where they will spend their honeymoon. After March 15 they will be at home to their many friends at 884 Brighton boulevard.

Among the out of town guests were Mr. and Mrs. E. L. Horney and daughter Anna Louise of Chillicothe; Judge and Mrs Frank Wilson, Willard Wilson and Master Curtis Edmiston Wilson of Hillsboro, Mr. and Mrs. Thos Edmiston and daughter Dorothy of Newark, Mrs. A. H. ANOTHER AT FRESNO.

Fresno, Cal., Jan. 5.—A sharp earthquake shock was felt here at 7.45 o'clock last night. There were three successive shocks from north to south, two strong, then a weak one a few moments later. No damage was reported.

First of French Monarchs.

History concedes that Clovis I. was the real founder of the French monarchy, although his father, Childeric, held some sort of tribal rule over part of the country which was destined to become France. Clovis was a progressive king and vastly extended his domains during the period of his rule, from 481 to 511. He made endless war on surrounding tribes and took territory right and left by conquest. In 493 Clovis took Paris by storm and thereupon that city became the permanent seat of the French government.

LA FOLLETTE ON VERGE OF A COLLAPSE

Decatur Ill., Jan. 5—Senator R. M. La Follette is on the verge of a physical collapse caused by the hard campaign through Michigan and Illinois and an attack of ptomaine poisoning two nights ago While traveling across Illinois today he was in bed during the interval between stations and at Clinton he was so exhausted by his speech at Bloomington that he was unable to address the audience

Look over the Wants tonight.

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels By Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach, remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10 cent box from any drug store means a clear head and cheerfulness for months Children love to take Cascarets because they taste good—never gripe or sicken.

"DARK HORSE" MAY FOOL 'EM

Columbus, Jan 5—With the rivalry for the president of the constitutional convention, the coming of the delegates and all candidates reiterating their confidence in election it was rumored today in state circles that the possibility of a 'dark horse" being brought into the race was extremely probable At present the contestants are Herbert Bigelow of Cincinnati, Judge Norris of Marion, and Caleph Anderson of Mahoning county.

PROF. OSLER RIGHT YOUTH ALWAYS SUCCEEDS AGE

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old time remedies with other agents which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

PRATT BURGLARS ALSO WORKED IN THE SOUTH END

The only new development that has come to light in the robbery of the store of T J. Pratt & Company is the finding of a piece of heavy steel which was used in prying open the Church street door. This piece of steel was found in a trash box and in size and shape corresponds to the marks made by the instrument used in forcing the door. The marks on the door are exactly similar to those on the door of Grill's grocery on South Third street, which was burgalrized earlier in the week and this evidence together with the finding of the piece of butcher's steel indicate that the men who entered the Pratt store are the same who broke into Grill's and attempted to force an entrance into Ashbrook's grocery.

After a more careful invoice than was possible yesterday Mr. Pratt states that the list of stolen goods which was published yesterday is complete

Police officials have given out no other information as to the progress of the case than that they are following every possible clue

SANDLES WANTS BIG ROLL FOR HIS DEPARTMENT.

Columbus, Jan. 5.—The transfer of a sum totalling $46,000 received by the state from show licenses since 1833 to the state agricultural fund was asked yesterday by Secretary Sandles of the state board of agriculture of State Auditor E. M. Fullington. The amount is now held in the general revenue fund. Attorney General Hogan recently held that the law requiring the payment of show licenses into the agricultural fund was valid.

2,000 PUPILS ARE EXCLUDED WHEN NOT VACCINATED.

Olean, N. Y., Jan. 5.—Two thousand pupils out of 2,800 were excluded from the public schools yesterday on account of not having been vaccinated according to the requirement of a resolution adopted by the school board.

EVERY WOMAN HAS A RIGHT TO BE BEAUTIFUL.

(Annie Bly in The Graphic)

A clear, soft and satiny complexion is every woman's right. It can be achieved by rubbing your face, neck and arms gently each morning with a solution made by dissolving a small original package of mayatone in a half pint of witch hazel This is a true complexion beautifier and prevents growth of hair.

"It is a mistake to wash the head, for in addition to danger of catching cold, soap and water take the life out and leave the hair dull and brittle Dry shampooing keeps the hair soft, wavy and beautifully lustrous Put a cupful of corn meal in a fruit jar and mix with it the contents of a small original package of therox Just sprinkle on the head and brush through the hair It brushes out easily and takes all dirt with it.

"A woman with a cold is not an attractive sight Furthermore, colds lead to catarrh. The best remedy for sore throat, colds, catarrh, croup, etc., is Mother's Salve"

"BABY MINE."

The international comedy success, "Baby Mine," which will be offered here soon by Wm A. Brady (Ltd), proved the surprise in the theatrical world last year in more ways than one First, it was the biggest hit a comedy ever made in New York city, playing at Daly's theatre for one solid year; secondly, it was produced by Mr Brady after seven other producing managers had turned it down as impossible; thirdly, it was the work of Margaret Mayo, an author of clever plays, among them "Polly of the Circus," but one who it had always been said had no sense of humor. Yet the play is said to be the funniest by far ever produced in this country.

QUAKE AT ALVORD.

Reno, Nev., Jan. 5.—An earthquake shock was felt at Alvord, Cal., at 7.50 p. m., at Laws and at Bishop. The duration was five seconds at Laws and at Bishop the shock was the worst felt in its history. Electric clocks were stopped and windows were broken.

Daddy's Bedtime Story— The Little Pig That Went To Market

"I DON'T know what story I shall tell you tonight," groaned daddy.

Jack and Evelyn looked grave.

"Let me see. I'll tell you the story of the little pig who went to market. He started out very gayly, clean and nice as a little pink pig could wish to be.

"When he got to the corner he stopped to get out of the way of a farmer's wagon, and that splashed mud all over him.

"'Dear me!' cried the little pig. 'Now I must take a bath.'

"There was no nice spring, and the puddles in the road did not look big enough for a pig of his size to bathe in.

"By and by he came to one he thought would do, and he jumped into it and rolled over and over. Then he got up and shook himself.

"My, but he was a sight! A muddier little pig was never seen. Not knowing how funny he looked with his face covered with mud and his sides streaked and spotted with it, he trotted along. Going to market on his own four feet he found to be a more tiresome trip than he had thought. He came to a field where the gate stood wide open.

"'If I could run across that field it would make quite a short cut to market,' he said, and he darted in, not being any too careful whether he stepped on the turnips and cabbages and peas and other things that the farmer had planted.

"The farmer and his boys were working at the other end of the field, and when they saw the pig tramping down all their crops they laid hold of whatever was handy and threw it at the pig. One of the farmer's boys was painting the fence, and he threw his green paint. The farmer was gathering tomatoes, and he threw tomatoes. The other son was on his way home from the barn with a basketful of eggs, and he was so excited that he hurled some of the eggs after piggy. Before he reached the road the pig ran into a nest of wasps, and they rose and stung him furiously.

"Just a little beyond the field he met his mother driving home from market. She had sold all her garden stuff and had a stick of candy as a reward for each good little pig who had stayed at home and behaved himself.

"'Oh, mother, mother, take me home!' cried the pig as soon as he saw her.

"But his mother merely touched up the donkey with her whip and drove home. She could not believe that the awful looking green and red and yellow striped, spotted, blotched and zigzagged pig was any one she knew. So the little pig had to turn right round and trot home on his tired little tootsies, and when he got home his mother took him out into the woodshed and gave him a whipping he never forgot."

THE GREAT WHITE PLAGUE.

The Symptoms of Tuberculosis.

The symptoms of tuberculosis are different according to the stage of the disease. It is the symptoms of the early stages that should be learned, for it is then that cure can be brought about and lives saved.

What are these symptoms?

This disease usually comes on in a very slow and mild fashion. That is what throws the persons infected off their guard. There may be nothing more than a tired feeling, especially after work, a lessened appetite, some loss of weight and perhaps an occasional cough.

As the disease grows worse, these symptoms do likewise. The loss of weight may be very noticeable; there may be fever and night sweats. With the more frequent cough much sputum may be expectorated.

In the far advanced stages some of these symptoms, like loss of weight, and fever may be very pronounced. Then we have the picture of the "Consumptive."

Quarter Century Ago.

(From Advocate, Jan. 5, 1887.)

Last night a sleighing party consisting of forty or fifty members of the Granville Congregational church, called upon their pastor, Rev. J. G. Thomas.

Company G had an enthusiastic meeting in the new armory, Palace Rink last night.

Mr. W. D. Strawn, formerly of this city, is now in the cashier's department of the Erie express at Chicago.

Fifty Years Ago Today.
Jan. 5.

A new Confederate battleflag first appeared in the field in front of Washington. Its distinguishing mark was a red St. Andrews cross spanning the whole flag. This could be seen from a distance and produced a startling effect. It had been designed especially to overcome the confusion in battle due to the similarity of the opposing national flags, the Stars and Stripes and the Stars and Bars. The red, white and blue in each caused them to be mistaken for friendly flags.

Twenty-five Years Ago Today.

The state of Massachusetts sold the famous Hoosic tunnel, which had cost $20,000,000 to construct, to the Fitchburg railroad. The price was about half of the cost, payable in stocks and bonds of the road.

TONA VITA IS BRINGING BACK HEALTH TO MANY

Half sick, tired all the time, no energy, or ambition, with your nerves on edge, and your stomach out of order, how can you expect to get any happiness out of life when in such a miserable state?

You can't and you won't, until you find relief from the debilitated condition that is sapping your vitality and robbing you of your strength.

Physicians know that half the population in the large cities of this country are today afflicted with nervous debility caused by the wear and tear of modern life.

A preparation has been used by European physicians to combat this nervous condition with remarkable success. A similar preparation "Tona Vita" was introduced in this country a few months ago and is making a marvelous record here. "Tona Vita" is bringing back health and happiness to thousands of listless, debilitated men and women. You owe it to your family, you owe it to yourself to let this wonderful new tonic build you up. There is no other medicine like it on earth; one dose will convince anyone of this. If "Tona Vita" doesn't do more for you than all the other medicines you have ever taken, if it doesn't make you happier and healthier and better in every way, what you pay for it will be returned to you by R. F. Collins.

Lees Rhubarb Laxative, the assistant remedy, is another great medicine. It is a splendid family laxative, containing the medicinal properties of rhubarb—nature's own laxative. It will not harm the most delicate constitution and should be used for children above everything else. It is pleasant to the taste. R. F. Collins has the Newark Agency for "Tona Vita" and Lee's Rhubarb Laxative.

Battle of Sabine Pass.
The story of the battle of Sabine Pass is history, not fiction, though, it must be confessed, it sounded far more like the latter than the former. You will find the full accounts of the fight in the "Records of the Rebellion" and a very interesting history of the affair in the second volume of "The Rise and Fall of the Confederate Government," by Jefferson Davis, page 237. References to the battle may also be found in "Battles and Leaders of the Civil War," published by the Century company.

Famous Makers of Rugs.
In the cities of Harput and Sivas are several firms engaged in the manufacture of rugs of the best grade and quality. In Sivas there are 500 looms, with about 1,500 operatives, and in Harput about one-third that number of looms and operatives. Nearly all the output of the Sivas looms is sold in Europe, while the output of the Harput looms is shipped to America.

Keeping the flap closed by a rubber cord, a Washington inventor claims to have devised a coin purse that is safer than the usual forms.

Home Treatment for Tuberculosis

Consumptive patients need no longer dread either the fate that formerly overtook all sufferers from lung trouble, or costly and often terribly inconvenient journeys far from home to other climates or to some expensive sanatorium. Hundreds are now staying quietly at home curing themselves at no expense beyond the cost of a few bottles of medicine. Here is one who speaks from experience: 220 S. 4th St., Colwyn (Darby), Pa. "Gentlemen: For four years I was troubled with cough, which gradually became worse; I had night sweats and pains in my chest; I was losing my appetite and had become so thin and weak I could not attend to my household duties. A physician pronounced my case Consumption. Not being satisfied, I was examined by the physicians of the Polyclinic Hospital; they also pronounced the disease Consumption, which was proven later by an examination of sputum, as Tuberculosis Bacilli was found. I was ordered to a Consumptive Hospital. My nephew would not allow me to go until I had tried Eckman's Alterative. Before I had taken the medicine three weeks I had marked relief, night sweats ceased; pain in the breast relieved; cough became loose and easy; fever left me and I commenced getting well. My health became normal. I am in excellent health now and have been completely cured for ten years. I strongly recommend it." (Signed) (MRS.) MARY WASSON.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.

LONGING.

The thing we long for, that we are
For one transcendent moment,
Before the present, poor and bare,
Can make its sneering comment.
Longing is God's fresh heavenward will
With our poor earthward striving;
We quench it that it may be still—
Content with merely living;
But, would we learn that heart's full scope,
Which we are hourly wronging,
Our lives must climb from hope to hope
And realize the longing.

NEWARK HOMES

The model city of Newark, Ohio, the most lovely spot on earth, good people whose hearts beat in love of "Home, Sweet Home," the song of childhood, makes merry the hearts of sage and siren. Who would dare to molest the happy song of "Home, Sweet Home" in Newark, Ohio? "The Collier's Saturday Night," where avarice has no place, where aspirants of high places are not admitted, where braggart and hirelings cannot enter: "The Home of the Brave, the Land of the Free!" Newark has thousands of such homes where political gush cannot enter, where self-reliance reigns supreme, where the "Stars and Stripes" declare all men equal and "Liberty" reigns for all. O, for shame to the offender who dare say of the home of this childhood, the worst place on earth, because things to their liking are not as they ordered, all men to be destroyed and they to be the Lord's anointed. Trade Conditions Are Improving at Portsmouth

The assertion that trade conditions would be better with the liquor traffic cut out has long since taken its proper place with the fables.

In its stead the fact is established that with one of the channels of traffic obstructed all business is affected in a malign way. The more is this the case where the city trying the experiment is close to and in easy reach of a city where the experiment is not being tried, as in the case of Newark and Columbus.

No better object lesson is at hand just now than that offered by Scioto county and its county seat, Portsmouth. Scioto was dry, voted so three years ago. It recently voted on the proposition again and has gone wet. During the struggle, a few days ago, one of the daily papers in Portsmouth was rabidly dry; the other, the Times, was strictly non-committal. Christmas followed sharply after the election and the following is the editorial comment on the condition of local trade on Christmas.

"Some said last Saturday looked like old times.

"This is a mistaken view. It looked like new times.

"There never was such a trade day in Portsmouth, but there are going to be others, many others like it. This isn't old Portsmouth, it is the new Peerless city in all Ohio.

"In times past some few may have done as big a business as they did last Saturday, but there was never another Christmas eve when the whole town did as much or anything like it in volume. Every merchant, no matter what his class, did well because the demands of buyers were so varied, and because they were so numerous and impatient that when they overcrowded some stores they hastened on to others where they could be waited on more promptly."

Let every reader remember that the Portsmouth, O., Times was strictly on the fence in the struggle between the "drys" and "wets." The editor had made a careful study of commercial conditions in the last three years while the Rose Law was being tried out. No man is better calculated to feel the public commercial pulse and diagnose the case than an editor. He above all others is in momentary contact with all features of a mercantile situation beause the newspaper of a community is always the exponent of the true condition of things in the community to which it caters.

Portsmouth had a good trade. A good old time trade. Not a "booze guzzling" trade, but a trade which carried comfort and good cheer to the homes of both rich and poor.

Trade is again running unvexed from producer to consumer.

S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

HOMER

R. W. Arrick, formerly employed at the pump station, has returned to his home at Welcome, W. Va.

Mr. and Mrs. Charles Abraham entertained at dinner on New Year's eve., Mr. and Mrs. G. E. Howard, Mr. and Mrs. B. F. Blake, Mr. and Mrs. S. E. Cartmel and Mr. and Mrs. Geo. H. Wright of Newark. It was a most enjoyable occasion.

At the November election, the proposition of a township library carried by a large majority. Hitherto a private association had been conducting a library. On January 1, when the new township officers were installed, the property of the private library association was donated to the new township library and the trustees appointed the following library trustees: James S. Williams, T. N. Dean, and A. H. Wright. This is the only township library in Licking county.

The Homer house on New Year's evening was the scene of one of those rare social occasions that will linger in the memory of those present for many a New Year to come. Mr. and Mrs. J. C. Hartsock entertained a party filling six tables at progressive pedro. The rooms were beautiful with decorations appropriate to the season. The four course lunch was not only elegant but bounteous. The hospitality of the host and hostess is the kind that makes their guests sorry to leave, which they did at a late hour. Mr. and Mrs. George H. Wright of Newark were the out of town guests.

Away Goes Pimples, Blackheads, Eczema, Dandruff and Other Skin Affections

When Zemo and Zemo Soap Are Used.

The Evans Drug Store says: "We are so confident that ZEMO and ZEMO SOAP used together will rid the skin or scalp of infant or grown person of PIMPLES, BLACKHEAD, ECZEMA, DANDRUFF, INSECT BITES or any form of itching, irritated, disfiguring skin or scalp trouble, that we do not hesitate to recommend these clean, refined remedies to every person who desires quick relief and a cure from any form of aggravated skin or scalp affection. Oftentimes one bottle and one cake of soap will cure a minor case of skin trouble

ZEMO and ZEMO SOAP produce sure and swift results. You will not suffer another day after you commence to use them. You will feel like a new person.

ZEMO and ZEMO SOAP can be obtained from one leading druggist in every city or town in America and in Newark at Evans' Drug Store.

GAME WARDENS CONCERNED IN NEW DECISION

Columbus, Jan. 5.—Unless they have witnesses game wardens, sheriffs, or deputy policemen, or other officers, may not prosecute violators of the fish and game law without the authority of the county prosecutor or attorney general is the substance of an opinion by Attorney General Hogan. In the event that officers prosecuting the violators did not witness the act and the defendant is acquitted the county is not responsible for the costs of the case, unless the prosecutor or attorney general approves the prosecution.

AMUSEMENTS

Last Nights Play.

The appearance of the Aborn Grand Opera company in Newark was of great interest in two ways. first that it afforded Newark friends and theatre goers the opportunity to see Miss Zoe Fulton, the daughter of Mr. and Mrs. T. B. Fulton, make her initial bow to a Newark audience, and secondly that the company in its presentation of Frederich Von Flotow's opera "Martha" gave an evening of pleasure to those who appreciate the real delights of music.

A large audience assembled at the theatre and they were well repaid for the interpretation of the old English opera was remarkably pleasing both in a musical and dramatical way, both of which were enhanced immensely by the orchestration.

"Martha" is well known to the lovers of music and the lightness of its music makes it appeal to those who do not care for the heavier parts of a grand opera. Miss Edith Helena, a soprano of wonderful range and clearity of voice sang the role of Lady Harriet Durham. Her most beautiful number was that of "The Last Rose of Summer," sang in the second act. At the conclusion of this song Miss Helena was presented with a beautiful bunch of pink roses.

Miss Fulton sang the character of Nancy, a companion of Martha's, and delightfully carried the mezzo-soprano. Her voice is very pleasing and blends nicely with that of the soprano. Miss Fulton is of striking appearance and appeared exceptionally charming in the third act in a riding costume when she sang her solo number. Miss Fulton was also favored by her friends, they presenting her with exquisite red roses. Newark should be proud of the great work accomplished by one of her daughters and Miss Fulton gives promise of continuing to rise in her chosen profession.

Perhaps never has a Newark audience had the opportunity of hearing a tenor of such remarkable sweetness and volume as that possessed by Leonard Samoloff, who sang the role of Lionel, the foster brother.

William Shuter, the baritone's work was very pleasing as was that of Philip Fein as Lord Tristan Milkeford, a cousin of Martha.

But two members of the Auditorium orchestra were used last night, but a company orchestra of twelve pieces made the play well worth while if it were but for the orchestration alone. A harp added to the beauty of Miss Helena's song in the second act.

Press Agent Says:

"Uncle Tom's Cabin."

Al W. Martin's world's greatest production of 'Uncle Tom's Cabin" will appear at the Auditorium on Saturday matinee and night. Mr Martin has successfully solved the problem of combining the old and the new "Uncle Tom's Cabin" into a big spectacular play that leaves out nothing worth retaining of either the straight method or the circus method. All the worthy features of the old landmarks are retained, while the thread of the story has been cleverly reconstructed making it more coherent; this with the introduction of a host of high-class specialties thoroughly in keeping with the piece, goes far toward forming an evening's entertainment. It will be a real loss to miss witnessing. Over fifty people are with the company, and two Pullman Palace cars, each 70 feet in length, are used to transport this mammoth aggregation from city to city.

ORPHEUM.

Another good bill opened at the cozy Arcade theatre yesterday. One of the features of the program was the Hughes Musical Trio, which proved to be up-to-the-minute in every respect. They use a variety of instruments and all their numbers were pleasing. The Pumpkin Colored Trio was another hit. They are three clever people and their comedy was new and clean. The Franciscos were entertaining in their novel act in mental telepathy. Lottie Gardner is quite a dainty little comedienne and proved quite pleasing. The Orpheumscope has a good film.

AGRICULTURAL BOARD HAS A PROSPEROUS YEAR

GOOD WINTER FOR TRAPPERS

The present winter is said to be a very good one for furs, which are bringing good prices. Raccoons, mink, possum, skunk and muskrats are the most common fur-bearing animals. The animals are well furred this winter. Quite a number of boys living in the country make a nice little sum of money trapping the animals.

KIRKERSVILLE BANK.

Kirkersville, Jan. 5.—The stockholders of The Kirkersville Savings Bank company on January 3 elected the following directors: D. L. Mauger, C. D. Gill, Henry Geiger, Robert Embrey, J. T. Harris, J. O. Snider and L. H. White. The directors organized by electing D. L. Mauger, president; C. D. Gill, vice president and C. H. Emswiler secretary and cashier.

WELL FED PEOPLE

Get Along Best—Keep Your Stomach Right.

"Japan feeds her soldiers on good American beef and bread," says a Philadelphia physician.

Well nourished soldiers fight best, and well nourished people always do the best work. Keep your stomach in good order with Vinol, our delicious cod liver and iron remedy without oil, and you will be strong.

Mrs. G. H. Mackins, of New York City, says: "For weeks last spring I had no appetite and poor digestion. I knew my strength would fail if I did not build myself up so I took Vinol, as recommended by a friend.

"Vinol restored my appetite and strengthened my digestion so that I now eat heartily and enjoy my food. It has done me 'heaps' of good."

Weak, nervous men and women and sickly children all need Vinol to give them new strength and better blood. We guarantee that Vinol will do this and if it does not help you greatly we give back your money. Frank D. Hall druggist, Newark, O.

CORN THIEVES ROB FARMERS

Harry Howe Leaves Corn in Field to Feed and It Is Stolen.

Granville, O., Jan. 5.—While the light-fingered gentry have been reported as plying their industry all around us, Granville has been comparatively free of any criminal actions, and it will be learned with a good deal of surprise by many that a number of depredations have been committed during the past few days which are puzzling to the officers. A night or two ago, Harry Howe, who lives on the Jake Jones farm, one mile south of Granville, near the gravel pit, where he is fattening a large number of hogs, hauled a big wagon load of corn into the field, intending to feed it to the hogs the next morning. When he went out into the field, however, he found the wagon still standing where he had left it, but the corn, some thirty or forty bushels, was missing. The matter was reported to the village authorities, but up to this time no clue has been obtained as to the identity of the thief.

The remains of Willys Waring Robinson, the little three-year-old son of Prof. and Mrs. James J. Robinson, of Lakeville, Conn., died after a brief illness of pneumonia. The remains were brought here Wednesday and interred in the family lot in Maple Grove cemetery. Mr. Robinson, who accompanied the remains here, left for his home Thursday.

The annual meeting of the Presbyterian church of this place is being held in the parlors of the church today, when the reports of the various departments are being read and other important business is being transacted. The ladies brought large baskets filled with edibles and dinner was served at noon. Tables were reserved for the children. The business meeting is being held this afternoon.

Jet Bishop, a well known farmer residing a short distance north of town near Loudon street, met with an accident several nights ago that resulted in his receiving injuries of a very serious nature. He was engaged in feeding his horses when one of the animals kicked as Mr. Bishop was passing behind it, striking him in the face with his hock and breaking his cheek bone. Mr. Bishop was quite near the animal when he kicked and in all probability this fact saved his life. Mr. Bishop is reported as getting along nicely at this time and it is the opinion of the attending physician that he will make a quick recovery.

Mr. Fred G. Smith, son of Mr. and Mrs. Harry T. Smith, and Miss Olive M., daughter of Mr. and Mrs. W. A. Rusler, were married on Wednesday of this week. The ceremony took place at the home of the bride's parents on North Pearl street and was performed by the Rev. A. J. Hawke, pastor of the M. E. church of this place, at 12 o'clock, noon, in the presence of a number of the friends of the contracting parties. Mr. and Mrs. Smith will make their home here. They have the best wishes of all their friends.

At the annual meeting of the Granville Bank company the following directors were elected: Dr. R. S. Colwell, E. A. Smoots, L. W. Perry, John S. Graham, E. J. Case, Charles Deeds and W. H. Kussmaul. The directors organized by the election of the following officers: President, Dr. Colwell; vice president, E. A. Smoots; secretary, John S. Graham; treasurer, L. W. Perry. A two per cent semi-annual dividend was declared.

SURELY BREAKS UP A BAD COLD IN A FEW HOURS

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness stiffness and rheumatic twinges.

Take this harmless compound as directed with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects, as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

BARKEEPER AT COSHOCTON FINED BY MAYOR TODAY

A special dispatch from Coshocton this afternoon shows that the business men's organization there is regulating the saloons. Here are the facts:

Coshocton, O., Jan. 5—This morning the mayor fined Barkeeper Wiland $25 and costs for selling a drink to a man who is in the habit of becoming intoxicated. The man was not drunk and the bartender's defense was he didn't know he was an "habitual." The business men's organization has furnished each saloon with a list of people, warning against the sale of liquor to them and the order is being enforced.

Since Coshocton went wet two saloonkeepers have been fined $100 each for selling liquors to minors and in each case the minors were nearly 20 years old and of adult size. The business men's organization there is proving that it is possible to regulate the saloons and that conditions are better than under the bootlegger and speakeasy. 1t

SLANDERS AND LIES

Mr. H. Liewer, a glass manufacturer of Coshocton, who employs 400 men, today wired the Business Men's League as follows:

"The reports of shocking conditions in Coshocton since the county voted wet and in favor of regulated saloons in preference to the speakeasy and blind tigers, which the drys are circulating through Licking county, are base slanders and lies originating from the Anti-Saloon League.

"I wish to state emphatically that since the county voted wet, business conditions have impoved and the retail merchants and manufacturers are more than pleased with the new order of things. Our town is better, more prosperous, and, thank heaven, the speakeasy, blind tiger and kitchen bar is a thing of the past in Coshocton.

H. LIEWER."

RAILWAY AFFAIRS.

Passengers' Chances.

Since the recent issuance of the bulletin by the bureau of railroad economics on railroad accidents in the United States, showing that only 94 passengers were killed out of more than 19,000 casualties, a number of railroad men have been figuring up the risk that a passenger takes on traveling. This has been done in a number of manners. An official of the Southern Pacific has had the matter figured out in a new way and has obtained some interesting results. His calculations are as follows:

The statement shows that the railways of the United States annually carry about 1,000,000,000 passengers an average of 33 miles. This is equivalent to hauling every inhabitant in the country about 350 miles. The popular impression is that most persons killed in railroad accidents are passengers, but as a matter of fact, passengers make a very small number of the total. Taking the figures of last year, this official shows that on the average a passenger on the railways of the United States could travel 4,000 times around the world without being killed. Stating the matter in another way, he could travel 60 miles an hour for 220 years without a fatal accident.

About 30 per cent of the fatalities are suffered by employes. A computation made by the same official based on the ratio between the number of employes in service and the number killed shows that on the average an employe can work 637 years before being killed.

The statement shows that the largest number of persons killed last year were trespassers.

Railroad Earnings.

Railroads gross earnings continue to display an improving tendency, total reported for the first two weeks of December amounting to $14,598,010, a gain as compared with the earnings of the same roads for the corresponding period a year ago of 5.7 per cent. This is a considerable better showing than has been made for a long time and indicates that the roads included in this statement are participating in the improved industrial and commercial situation Most improvement continues on the roads in the south, but there are also some good gains in the west and southwest, and earnings of some roads in that section, which for some time have been reporting large decreases, are now somewhat better. The roads in the south which continue to make the best showing are Chesapeake and Ohio, Southern, Seaboard Air Line, Louisville and Nashville, and Mobile and Ohio; and in the west and southwest International Great Northern, Missouri Pacific, St. Louis and Sault Ste. Marie and Texas and Pacific. A number of roads in other parts of the country also make more favorable returns, but in most instances, where there is an increase over last year, it is not very pronounced.

Rates Cause Discord.

Representatives of the railroads, more particularly those not included in the Trunk Line and Central Passenger associations and what is known as the National Baggage committee, composed of manufacturers and those engaged in the wholesale trade as well as in the traveling and commercial men's organizations, are to hold a series of conferences next month. The purpose is to effect an adjustment of differences that have arisen between the carriers and business men relating to excess baggage rates and the size of trunks.

It is feared that these differences are so decidedly irreconciable that the coming meetings will be barren of result. The business men are reluctant to seek redress and relief through an appeal to the Interstate Commerce Commission, and the railroads are not over anxious that this should be done.

It is contended by the latter, through their committee, that the published interstate rate of 16 2-3 per cent of the first class fare on each 100 pounds of excess baggage is not adhered to, and that often a much larger per cent is collected. It is advocated that as a matter of fairness to all concerned a uniform rate of 12 1-2 per cent for the entire country should be established. It is also urged that the present allowance of 150 pounds of free baggage should be continued and not abolished, as has been proposed.

Much in the Minority.

Many men ask more than they are entitled to, but the number getting it isn't large.—Atchison Globe.

FOR YOUR HAIR

Here are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

But, when the hair roots retain any life, we believe there is nothing that will so surely promote hair growth as will Rexall "93" Hair Tonic. To prove that statement, we promise to promptly return all the money you pay us for Rexall "93" Hair Tonic, should it not please you.

Rexall "93" Hair Tonic destroys the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and by promoting circulation, nourishing them.

Rexall "93" Hair Tonic helps to relieve scalp irritation, to remove dandruff, to prevent the hair from falling out, and to promote an increased growth of hair. It comes in two sizes, prices 50 cents and $1.00. Remember, you can obtain it only at our store—The Rexall Store—Frank D. Hall, 10 North Side Square.

WASHINGTON SOCIETY TREMBLES WHEN MILLIONAIRE SAYS HE'LL TELL WHAT HAPPENED AT BALL HE WENT TO GARBED AS GIRL

MISS MARGUERITE DRAPER

PRESTON GIBSON

Preston Gibson has done it again. Every once in a while this young millionaire playwright breaks forth in Washington with a new and novel stunt that makes his society friends sit up and take notice. He has allowed the news to leak out that he attended the mask ball given at the home of Mrs. William F. Draper for her debutante daughter, Miss Margaret, attired as a society belle. He declares he has some revelation to make as a result, and half of those within Washington's inner social circle are trembling with apprehension.

YOU DON'T NEED A NEW STOMACH

You Can Now Look Any Meal Square in the Face and Then Just "Go For it," If You Take Stewart's Dyspepsia Tablets.

Trial Package Sent Free to Prove It.

The stomach will go on patiently for years enduring abuse overwork and general ill-treatment so we're apt to think it can stand anything. But when the stomach does rebel look out!

"Every Meal Smiles at Me Now Since I've Been Taking Stuart's Dyspepsia Tablets."

The minute the stomach ceases to perform its functions properly the whole body begins to suffer. The food is only half-digested the body only half-nourished. And the undigested portion of the food ferments and decays, generating nauseating gases which derange the whole system. The eventual result is chronic dyspepsia, heartburn, bad breath, dizziness flatulency and sick headache.

Stuart's Dyspepsia Tablets instantly relieve all ailments of the stomach and digestive tract. They act quickly safely and naturally—just like Nature herself. They contain in themselves the elements which go to make up the natural gastric juices. They actually digest the food, relieving the stomach of all the hard work. Stuart's Dyspepsia Tablets are the stand-by of many a doctor in the worst cases of stomach trouble, and they never fail him.

All druggists carry and recommend Stuart's Dyspepsia Tablets. They are sold at 50 cents a box. If you want to try them first, we will send you a trial package free on receipt of your name and address. F. A. Stuart Co. 150 Stuart Bldg. Marshall, Mich.

WIFE MEETS CLEVELAND MAN

At Dock and Finds Him Helpless From Accident in Foreign Land.

New York, Jan. 5.—Harry Focht, an electrician employed by the Rio Janeiro Light and Power company, is today on his way to his home in Cleveland, O., suffering from a broken back. He was injured last month in a trolley car accident in the South American capital and was immediately rushed home by the first steamer.

Mrs. Focht had come on from Cleveland to meet her husband and did not know of his injury until she was led to his cabin and found him paralyzed from the fracture down. Focht, with his wife, started at once for Cleveland.

HUNGARIANS PAY MONEY TO FATHER WHEN BABY COMES.

Columbus, O., Jan. 5.—According to the testimony offered by Bela Puky, a Hungarian banker, in bankruptcy court, it pays to be a father if you are a Hungarian and live on the South Side.

Every time a child is born neighbors give the parents from $50 to $80. According to Puky he became father five time in five years, which netted him in the neighborhood of $300.

The money is said to have been invested in an insurance policy which was surrendered a few months before the crash of Puky's bank.

Puky was in custody of the Newark police at the time of the collapse of his foreign exchange bank in Columbus.

WHICH SHALL IT BE?

(Advertisement)

Tomorrow's election is not to determine whether Newark will be "wet" or "dry." Any man who has sense enough to come in out of the rain knows that, and this is the very reason that hundreds of temperance men will vote the "wet" ticket.

The question is, shall liquor be sold as it has been every day for the past three years in flagrant violation of the law—and poor liquor at that—or shall saloons be opened and the traffic restricted and regulated?

The records show in the past three "dry" years there has been an increase in police court cases, an increase in drunkenness, in divorces, in criminal court costs—an increase crime and a decrease in business to say nothing of an increase in taxation.

If by voting "dry" the sale of liquor could be diminished and the moral tone of Newark improved, hundreds of the most intelligent citizens of Licking County would vote "dry," but many men having the real interests of the community at heart, having the development of young manhood and womanhood in mind will vote "wet" because they know that of the two evils the latter is the lesser. Think it over carefully.

Many saloons are now open and have been open, scores of blind tigers and bootleggers are busy. Shall this condition continue? It is for the voters to say tomorrow.

The "dry" forces have made some very remarkable statements in this campaign, but perhaps none is more ridiculous than the following paragraph printed in yesterday's papers:

> "The people of Pataskala and the west end of the county do not need any further evidence to convince them that the influence of liquor reaches beyond the person who drinks it. The tragedy that happened in their midst last spring in which a young girl on her way from school was murdered in cold blood by a man who was drunk, is still in their minds. Judge Nicholas in sentencing Moreland to twelve years in the penitentiary said that he would not have taken the life of the girl unless he had been intoxicated. The people at that end of the county will not vote to restore the saloon."

When was the Moreland crime committed? Last spring. Was Licking County "wet" or "dry" last spring? What folly about "restoring" the saloon. It hasn't been away. It's still here and everybody knows it—even the men who are now talking about the disaster that will follow its "restoration."

Why not be fair and frank?

The issue is not "WET OR DRY," but WET UNDER PRESENT CONDITIONS, OR WET UNDER REGULATION. In theory and in print the Rose Law is an attractive proposition, but in practice it is a rank failure.

What's The Matter With Your Baby?

The young mother—and many an old one, too—is often puzzled to know the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its trouble. It may have nothing more the matter with it than a headache or a feeling of general dullness. It cannot, of course, describe its feelings, but as a preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it is all the child needs, for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constipation and indigestion will quickly disappear.

Don't give the little one salts, cathartic pills or nasty waters, for these will act as purgatives, and they are too strong for a child. In the families of Mrs. M. A. Wisner, West Unity, Ohio, and Mrs. Herman Wilson, Stoutsville, Ohio, the only laative given is Dr. Caldwell's Syrup Pepsin. It has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from griping recommend it especially for the use of children, women, and old folks generally—people who need a gentle bowel stimulant. Thousands of American families have been enthusiastic about it for more than a quarter of a century.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

COURT NEWS

Damage Suit.

Milton H. Francis has commenced suit in the Common Pleas court against Nettie Reese and Frederick Reese for $1,000 damages. He says that he was engaged in the business of delivering ice to his customers and that while he was engaged in taking ice from his wagon on Church street, the defendant, Frederica Reese, driving an automobile west along the street, drove the machine against him, and knocked him violently against the wagon, injuring his hand. Plaintiff says that blood poison developed, and that his back was so strained and twisted that he has not yet recovered from the injury.

Plaintiff says that since receiving the injuries he has not been able to work at his business or any other work, and that he has suffered much pain.

Plaintiff says the automobile was owned by the defendant, Nettie R. Reese, mother of Frederica Reese, a minor, and was being driven by him with her consent. He asks judgment against defendant for $1,000 damages and for $60 expenses for medical service. Norpell, Norpell & Martin, attorneys for the plaintiff.

John W. Dusthelmer and Nannie Dusthimer to John L. Hughes and Laura B. Hughes, parts of lots 4748 and 49 in the Tallmadge Place Addition to Newark, $1 and other considerations.

Motion to Dismiss Appeal.

In the case of George E. Ice vs. James S. Orr, the plaintiff has filed a motion to dismiss the appeal for the following reasons:

First, that the transcripts from the justice of the peace shows that judgment was rendered upon confession by dfendant.

Second, that this has no jurisdiction to hear this action. Fitzgibbon & Montgomery, attorneys.

Notice of Hearing.

In the case of James Floyd and Mary E. Floyd vs. Patrick McGinley, the plaintiffs have been notified that the motion filed in this case on October 5 will be presented for hearing by the defendant on Saturday, January 13. Kibler & Kibler, attorfession by defendant.

Transcript Filed.

A transcript from the criminal docket of Justice G. W. Horton, in the case of Ohio vs. Frank Fought, bound over to court for injuring a mare, has been filed with the clerk of the court.

Motion to Vacate Judgment.

In the case of Barber & Company vs. Cranmer & Son and Laura Cranmer, the latter has filed a motion in the common pleas court to vacate the judgment rendered against her.

Judge Seward's Orders.

In the case of James Kirkpatrick vs. the Licking Oil and Gas company, Judge Seward has ordered the receiver to have printed in some paper of general circulation notice of his appointment and to notify all persons holding any open or subsisting contracts of the company to present the same to him in writing. Also notify all creditors of the corporation to present their claims to him.

Adjudged Insane.

George W. Campbell, a well known glass worker of this city, who has been working in a glass house in Terre Haute, Ind., for some time, and who was being held in custody there on an insanity charge, was brought to Newark Thursday night by Sheriff Slabaugh. Friday he was taken before Judge Hunter and was adjudged insane. He was taken over to the State Hospital Friday afternoon by Sheriff Slabaugh.

Sixth Street Hearing.

The case of the City of Newark against The Newark Lumber company and others, for the purpose of condemning real estate to widen Sixth street from Main street south to the creek, is being heard in the Probate court today. This matter has been heard a number of times in the Probate court but in each instance the damages assessed have been so high that the city has declined to take advantage of the verdict and widen the street. This is another attempt to get the valuation by the verdict of the jury low enough to justify their payment so that the street may be widened.

SKIN DISEASES QUICKLY HEALED

The Five Drop Salve is a combination of expensive healing and soothing antiseptic essential oils and other ingredients carefully compounded to produce a quick and lasting cure in cases of skin diseases. It has been successfully used for fifteen years and thousands of cures prove the merit of this compound.

This preparation is now put up in 25 and 50 cent packages and sold by druggists everywhere. It is used with wonderful effect in cases of eczema, pimples, running sores, boils, wounds, burns, salt rheum, acne, ring worm, piles and many other skin eruptions. A most excellent preparation for scrofulous affections and scalp humors.

The Best Remedy in the World for Piles.

C. F. Ramsay, Wantefield, Vt., writes: "I used the Five Drop Salve for eczema and everywhere it touched it cured. It also cured a man here whose leg from knee to ankle was all scabs and itching painfully. Two applications cured him completely. If not obtainable in your locality send 25 cents for a package to Swanson R C Co., 174 E. Lake Street Chicago, Ill., and it will be sent postpaid.

NEWSPAPER PLANT IS DAMAGED BY FIRE.

Redding, Calif., Jan. 5.—The mail car of the Oregon Express on the Southern Pacific railroad was robbed early today of all eastern registered mail by two unmasked men. Three mail clerks were bound and gagged by robbers who entered the car while the train was between Red Bluff and Redding. The train left San Francisco at 8:20 last night. When it stopped at Red Bluff today mail sacks were thrown out and others taken on. One of the three mail clerks was about to board the car when the two bandits flew past him into the car and shut the door.

"What's up?" exclaimed Charles J. Ryan, a clerk.

"This is a hold-up," responded one of the men, shoving the trio back with a revolver.

The three clerks were bound and gagged by the second bandit and when the train reached Cotton, 17 miles north of RedBluff, the bandits acted as clerks, taking on and off the mail. When the train reached Anderson, five miles farther along the line, they repeated the performances, showing a marked familiarity with the clerks' duties. When the train stopped at Redding the bandits threw open a door on each side of the car and walked off in opposite directions.

Cincinnati, Jan. 5.—Fire which started in the fourth floor of the Commercial Tribune building on Walnut street last night, caused considerable damage. Quick work by the fire department prevented what appeared to be an ugly fire in the very center of Cincinnati's business district.

Work on today's edition of the newspaper was suspended for two hours owing to the flooding of all departments. The paper, however, managed to get out the usual editions with the matter that had already been put into type.

The fire started in the Braunwart-Brockhoff Printing Co. The loss, including the damage by water, is estimated at $25,000.

Louisville, Ky., Jan. 5.—Fire last night, the coldest of the winter, already has caused a loss estimated at $400,000 in the heart of the city's retail district.

Toledo, Jan. 5.—Owing to the lack of natural gas for operating machinery many factories here were compelled to close down today. Others ran at one half capacity with the aid of gas producers. Residences had one-third of the usual pressure.

TOMORROW

Every voter tomorrow will be called upon to say whether or not he favors the open saloon in Newark. This question is one of conscience and moral sentiment. It is not a question of getting a revenue of possibly $30,000 from the traffic. Will you sell your conscience and moral sentiment?

Will you say the traffic cannot be stopped in Newark therefore we should make it open and free?

There is but one instance of many that might be cited to illustrate the improvement in our city for the last three years. At Charles Henry's place on Third street when the city was wet, any day when the weather would permit, a bunch of from three to six gamblers and drinking men would stand on the sidewalk at this place, and call to, stare at and insult women and girls passing along the sidewalk. The same condition existed at the Bolton saloon further down the street and on the south side.

Since the Rose law enforced this class of people to hunt cover, close the front door and open the bar in the cellar our town looks cleaner and women are safer on the street. If you make evil hide its head you are doing something. There is not as many drunken men upon the street, because the seller of liquor is interested in preventing the exhibition of the evil he produces. Go to your bed with your conscience tonight, give it control and in the morning ask yourself how to vote and vote according to its answer.

This is not the talk of a "dry" but a citizen of Newark, who wants the best things done tomorrow.

A CITIZEN.

THE NEWARK BOARD OF TRADE

Newark, Ohio.

WAYNE B. WHEELER THE PRIME AND DIRECT CAUSE OF THE NEWARK LYNCHING

Every friendly resident of Newark, whether Wet or Dry, has deplored and condemned the lynching tragedy of July 8, 1910. But while there were indirect causes for the awful affair, there was but one **DIRECT CAUSE** for the occurrences of that day. That direct cause was the importation of the hired dry sleuths from other cities and states, who made the raid, incited the bitter feeling of resentment and brought on the riots.

But who was the real responsible party for the importation to Newark of these dry sleuths, most of whom were ex convicts and professional criminals?

In an interview printed in Columbus and other state papers some three weeks before the lynching riots, Wayne B. Wheeler announced that he had engaged 50 detectives from the Chase Detective Agency of Cleveland, Ohio, known as the Lake Shore gang, to make raids on cities for the purpose of enforcing the Rose Law.

Then, on the next day after the tragedy the exultant character of Wayne B. Wheeler's interview in Columbus, Cleveland and Toledo papers on the Newark lynching is not forgotten. Wheeler well knew the extent and character of the clamor he could raise on account of the lynching tragedy all over Ohio, to keep up his agitation, and it could be seen by his interviews that he really exulted over the shocking calamity for which he had been the prime and direct cause.

The day following the lynching tragedy, one of the members of the local Law and Order League stated that the Newark organization was not the responsible party for bringing the foreign sleuths here that caused the riots. This statement was quickly caught up by Wheeler, who gave out in loud terms a statement that the imported detectives were employed by the Newark Law and Order League.

Wheeler's game was to dodge the responsibility and place it on the local organization, whom he has treated as his employes.

Although the local organization has never had the courage to deny Wheeler's statement as to who hired the sleuths, there has been a belief among intelligent Newark citizens all the time that the real instigator and prime cause of the dry detectives being brought here which caused the lynching riots was Wayne B. Wheeler.

Here is a known fact. On the morning of the 8th of July, 1910, it was Wayne B. Wheeler who notified Mayor Barnes, of Granville, by telephone from Columbus, that the dry detectives were on the way to see him to get the warrants for making the raid on Newark, and for him, (Barnes) to have the warrants ready.

Ever since the 8th of July, 1910, to the present time, the manner in which Wayne B. Wheeler has harangued his audiences all over Ohio, vilifying Newark with reckless falsehoods and poisoning the minds of his hearers against our city and its people, is well known.

As an enemy of Newark, Wayne B. Wheeler has left no opportunity escape him to injure the business and property interests of its citizens. (Adv.)
